

## **SWISS HAY unfiltered beer**

### **Origin:**

An imposing mountain range drifts high above the “Muotathal” – the “Heubrig”. Up there with a lot of respect for nature, by hand and in very steep terrain, a unique beer ingredient is harvested: Tasty, spicy wild hay. This gives the beer its unmistakable, aromatic taste. Together with caramelized barley malt, hops and fresh mountain spring water from the Gotthard area this beer is brewed by the brewery Rosengarten in Einsiedeln (Switzerland).

### **Character:**

Beer made in a lager style, with added hay from the Swiss Alps.

Unfiltered, hazy and light straw yellow in color.

On the nose, smell of fresh hay and a nice bitterness.

On the palate, spicy and cinnamon sweet.

Discreet hoppy aftertaste with a pleasant hay taste.

### **Alcohol:**

4.8%vol.

### **Closure:**

Crown-cap

### **Packaging:**

11.2 Fl.OZ.

6-pack

4x6-pack per box
